VISHAL RAJ

Software Engineer | Java | JavaScript | React.js

+91 9123280984 | vishala3212@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in frontend and web development, building responsive and interactive applications using JavaScript, React.js, HTML, CSS, Node.js, and SQL. Familiar with Java, Python, DSA, OOP, REST APIs, and , with project experience spanning e-learning, productivity, and Core Java applications.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Backend & APIs: Node.js, Express.js, Spring Boot, APIs

Databases: SQL, MongoDB

Core Concepts: Data Structures & Algorithms, OOP

Tools: VS Code, Eclipse, Sublime Text, Microsoft Office

INTERNSHIP EXPERIENCE

Frontend Development Intern — Code Alpha

- Developed responsive web pages using HTML5, CSS3, and vanilla JavaScript with a focus on clean structure and interactive user experiences.
- Implemented mobile-first layouts using CSS media queries and addressed cross-browser compatibility across devices.

Web Development Intern — Bharat Intern

- Developed functional and responsive websites with attention to usability, accessibility, and cross-browser compatibility.
- Applied frontend development practices to deliver layouts optimized for different screen sizes and devices.

PROJECTS

Tic-Tac-Toe Game | Core Java

- Developed a Tic-Tac-Toe game using Core Java, applying object-oriented programming concepts and structured game logic.
- Implemented the core gameplay flow, player turns, and win/draw condition handling.

E-Learning Website | React.js, Node.js, Express.js, MongoDB

- Built a responsive e-learning platform featuring course listing, course details, enrollment, ratings, contact functionality, and user authentication.
- Developed interactive UI elements, form validation, hover effects, and dynamic Read More/Less course content.

React Productivity Dashboard | React.js, Tailwind CSS, JavaScript

- Built a responsive productivity dashboard with task management, Pomodoro timer, and dark-mode functionality.
- Used React Hooks, including useState and useEffect, to implement interactive application behavior and state management.

Indian Constitution Educational Platform | HTML, CSS, JavaScript

- Developed an interactive educational resource covering Fundamental Rights with navigation, expandable content, landmark cases, and downloadable notes.

EDUCATION

B.Tech — Computer Science & Engineering | Uttarakhand Technical University, Dehradun | Aug 2021 – Jun 2025

Class XII — CBSE | Pragya Niketan Public School, Sasaram | 2020

Class X — CBSE | St. Michael's Academy, Sasaram | 2018

CERTIFICATIONS

Machine Learning with Python — IBM | Python for AI & Development — Coursera | Front End / Full Stack Web Development — Coding Ninjas | Web Development — Internshala | Introduction to Artificial Intelligence — LinkedIn Learning

ACHIEVEMENTS & ACTIVITIES

- ByteQuest Hackathon, Haridwar University — Top 30 Finalists
- NCC B Certificate
- Fundraising Volunteer — Hamari Pachan NGO
